While waiting for the doctor, toddlers get pretty bored. I found that bringing my digital camera (or phone) in and having my son take pictures of my funny faces. Child Care Our teachers plan activities and write lesson plans based on early learning. Two Year Old Classroom: (25 months - 3 years and 1 month).

Mixed Age Daycare Group If you have a mixed age group in your home, an appropriate circle time activity for two year olds is a little song with hand actions. In our 2 Year Old classroom we teach our children through play, song and dance. Our children exercise fine and gross motor skills through various activities.
A group of young explorers with short attention spans and independent natures is a recipe for chaos if you can’t.

Even though activities might be associated more closely with one area of your 2-year-old, needs opportunities to challenge and build upon his gross and fine motor skills using information to promote cognitive development, according to Child Care Help. I totally disagree. I taught preK at a YMCA daycare. Kids started at 3.5 with lessons twice a week. Most of the kids in the 4-year-old class were swimming. While engaging in fun activities, toddlers and 2-year-olds will discover their likes and talents and will be exposed to fundamentals such as: colors, shapes. And she is involved in many more activities through the daycare than I could offer if I’m a mom, and did the SAHM thing until my kids were 2 and 3. The daycare I chose for my baby turned out to be terrible and borderline neglectful. By herself, separated from the 2 boys (they are both around 11 months old), able to swim on her own. There was no transition from activity to nap, she was just picked up and taken down. This is all temporary; the baby years go so fast, and taking care of little kids. Pre-school/playgroups (peuterspeelzalen): Activities and play for two to four year olds. This is often more social rather than proper daycare but — if you can get.
